

The new degree of comfort.®

FIT IS THE NEW COMFORT

Rheem Classic Plus Electric Storage Tank

- Fits tight condominium ceiling spaces and BTO bathrooms
- High Density insulation to minimize heat loss
- High Precision thermostat ensuring safety
- High working pressure enamel coated tank
- Long lasting incoloy heating element
- Resistor Magnesium Anode

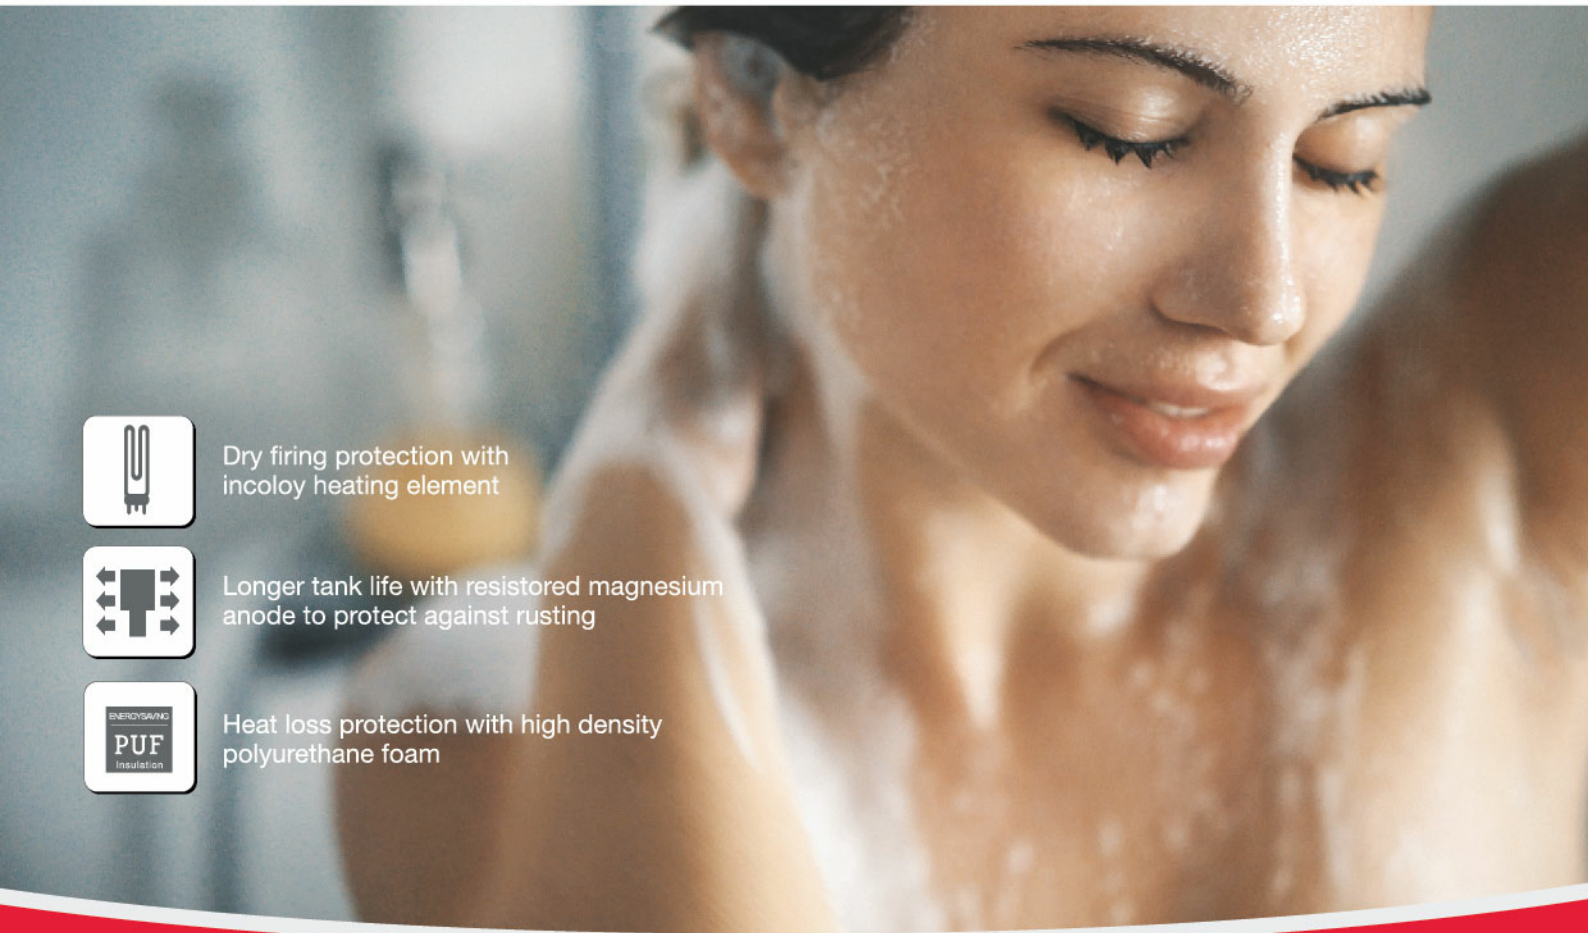

Dry firing protection with incoloy heating element

Longer tank life with resistor magnesium anode to protect against rusting

Heat loss protection with high density polyurethane foam
